

Program 21st Vienna Arthroscopy Forum
07th September – 08th September 2018

Venue: Ortopaedic Hospital Vienna-Speising

Friday, 07th September

08.30 a.m. Registration

09.00 a.m. Beginning

- 10' Kneearthroscopy anatomy, approaches
- 10' ACL reconstruction, biomechanics and positioning of the graft
- 10' ACL reconstruction by suturing
- 10' Anterior cruciate ligament - graft considerations?
- 10' Rehabilitation protocol

L. Hoffmann
F. Wepner
F. Wepner
F. Kissler
F. Wepner

10.15 h h Coffee break (approx.20 min)

150' Cadaver lab: (2 ½ hours)

12.30 h – 13.30 h Lunch

Presentations

- 20' Imaging of the knee (ACL, meniscus, cartilage)
- 10' Medication and surgical intervention for cartilage repair
- 15' Osteotomies around the knee,
indications and surgical techniques

M. Wurnig
Ch. Albrecht

F. Kissler

14.15 h – 14.35 h Coffee

250' Cadaver lab: (4 hours)

Saturday, 08th September

08.00 a.m. Beginning

- 15' Patella instability: Limits and indications of arthroscopy
- 10' Meniscus repair principals, suturing in-out out-in
- 30' Hip arthroscopy Principals, indication, technique
Hip arthroscopy peripheral compartment

Ch. Albrecht
L. Hoffmann
G. Petje
G. Petje

120' Cadaver Lab: Hip arthroscopy, Meniscus suturing (2 hours)

12.15 h – 12.45 h Lunch

Presentations

- 15' Ankle arthroscopy techniques set up anatomy and operative arthroscopic
procedures
- 10' Extraarticular arthroscopy around the ankle
- 10' Ankle joint replacement

R. Schuh
R. Schuh
R. Schuh

180' Cadaver lab: (3 hours)

Gesamt: approx. 3 h theory, 11,5 h practise
